On 9th & 10th November 2022, the UK Wildfire Conference...

the Human Dimension, will take place in the Europa Hotel, Belfast. This event will bring together various agencies who work on this topic, with delegates and speakers ranging from professional firefighters, land managers, academics, researchers and government officials.

Keynote Speakers UK Wildfire Conference 2022

Dr. Peter F. Moore Integrated Fire Management, Natural Resources and Carbon Accounting. Until September 2021 he was Forest Officer Fire Management for the Food and Agriculture Organisation of the United Nations

Dr Christine Eriksen Senior Researcher with the Risk and Resilience Team at the Center for Security Studies at the Swiss Federal Institute for Technology.

Group Commander Mark Smyth is a senior officer within Northern Ireland Fire and Rescue Service serving for over 28 years with expertise in Incident Command and Wildfire response emergency planning.

Robijn Brongersma is a graduate from Wageningen University in International Land and Water Management. She has experience researching and working with integrated water and wildfire management.

Sébastien Lahaye, President of Warucene and European Project coordinator for SAFE (France)

Sébastien has been a Fire officer for 20 years in the South of France and has completed a PhD on dangerous wildfire behaviour in Europe and Australia. In 2017 he was research associate at UNSW Canberra.

Additional speakers from across the British Isles, Ireland, Europe, America, and Canada. To book your place and learn more about the conference visit the conference web site : www.ukwildfireconference2022.org
